### INTRODUCTION

Local, state, national and international media are vital partners in achieving the goals of School Sport Australia. In order to maximise the advantages of media presentation and minimise the risks of media misrepresentation it is necessary to establish guidelines for how media contacts will be conducted.

It is not the intention of this policy to curb freedom of speech or to enforce strict rules and regulations. Rather, the intention is to establish a framework for achieving an effective working relationship with the media. The organisation welcomes the opportunity to talk to the media and through them, to debate issues in the public arena.

In dealing with the media, staff, Board members and other volunteers should be conscious that they may be seen as representatives of the organisation and should therefore avoid making comments or participating in photo opportunities that may damage the long-term reputation of School Sport Australia.

### PURPOSE

School Sport Australia works with the media in order to:

- advocate for the goals of the organisation
- promote the work of the organisation
- inform the public of the details of the organisation

In order to ensure that these purposes can be fulfilled, this policy regulates the choice of people entitled to speak for School Sport Australia.

The media themselves have a vital role to play on behalf of the community in holding School Sport Australia to account for its policies and actions. It is important that they have access to officers and members and to background information to assist them in this role.

To balance this, School Sport Australia must have the capacity to defend itself from any unfounded criticism, and will ensure that the public are properly informed of all the relevant facts (if necessary using other channels of communication).

It is the responsibility of all staff, board members and volunteers to ensure that effective media relations are maintained in order to achieve the aims of School Sport Australia. Naturally, in doing

this, certain legal constraints might apply (e.g. not making comment on current court cases, especially those before a jury).

This policy deals with the day-to-day relationship between School Sport Australia and the media and does not address how the organisation will work with the media in a crisis. Refer to Critical Incident Communication Policy.

## **POLICY**
