B - 4.1.1 Tiebreaker Rule is to be implemented for use in all Round 2 games. If a game remains tied after the completion of seven innings or two hours, the following tiebreaker procedures will be implemented during extra innings:

Amended January 2017

- To begin the first extra inning, the player who was scheduled to be the next hitter will be the leadoff hitter, and the two previous hitters will be the runners on 1B and 2B. Once those players/runners are determined for the first extra inning, the order of any subsequent innings will be determined by how the previous inning ended. That is, if the first extra inning ends with the #6 hitter having the last plate appearance (PA), then the next inning begins the #7 hitter at bat, and the #5 hitter at 2B and the #6 hitter at 1.
- With the exception of beginning the inning with runners on 1B and 2B with no one out, all other "Official Baseball Rules" will remain in effect during extra innings required to determine a winner.

B - 4.2 Games on final day are to proceed as follows:

Playoff for 1st and 2nd is to be a 9 innings game with no time limit, and if tied at the end must play for a result. The mercy rule will apply after 7 innings have been played. However, if any team's return travel arrangements may lead to a problem because of the extended game time, then the game will follow the same guidelines as those set out below for 3rd and 4th. The length of the playoff for 1st and 2nd is to be an agenda item at the pre-championship meeting each year where a final decision will be resolved.

Playoff for 3rd and 4th is to follow the above rules, but if tied at the end must play for a result
