H - 4. Any player asked to appear before either Committee must be attended by his/her Team Manager acting "in loco parentis".

H - 5. Obvious Red Card Error:

H - 5.1 Where there is sufficient evidence that leads SSA to believe, in its sole and absolute discretion after game completion, through the NSA or other SSA appointed person, that an obvious red card error was made, an automatic one match suspension may be overturned. This can only occur in exceptional circumstances, such as mistaken identity or a clear error in the application of the law (e.g., a red card issued for a handball in the penalty area when a yellow card should have been given under the IFAB laws of the Game).

Red Card judgment decisions by the referee, such as for Denial of an Obvious Goal-Scoring Opportunity (DOGSO) or violent conduct one match suspensions, cannot be overturned.

SSA shall appoint a person, such as the National Sport Advisor (NSA) or other person to review any red card decisions made by the referee where required or is requested by the team affected to determine if exceptional circumstances apply and the suspension be overturned for an obvious error.

Should a team appeal the review decision to the interim disciplinary committee and the appeal is unsuccessful, the automatic match suspension is to increase from a 1 match suspension to a 2 match suspension.

H - 6. Positive Behaviour: The School Sport Australia Board requires football to implement the following rules regarding behaviour. Where required the NSA or convenor can develop an information sheet regarding below with more detailed information to assist participants with further information.

H - 6.1 Parent / Spectator removal from the venue

Where in the opinion of the referee, convenor, national sport advisor or any other person appointed by School Sport Australia determines for any reason whatsoever and at their sole discretion, that the behaviour of a parent/spectator affects the health and wellbeing of match officials (including student officials) or players that person is required to remove themselves from the venue for the remainder of the day.

The following procedure is to be followed:

- A 5 minute drinks break is called by the referee, convenor, national sport advisor or any other person appointed by SSA
- The referee signal to the captains and coaches that a 5 minute drink break is to be taken for the removal of a spectator
- The relevant team manager and officials are required to ensure the person leaves the venue

- The person must move to a location that is outside of the venue and outside the sightlines of the event
- Should the person not leave the venue within the 5 minutes or returns to the venue or sightlines, the match will be called off. SSA may determine that the game be awarded 3-0 to the opposing team at their sole discretion.

H – 6.2 Dissent Corner

The referee must award a corner for the opposing team for any dissent by any coach, player, team manager, teacher, spectator, or other person connected with that team. Any player or coach dissent, where a yellow card is given also results in a corner being given.

This rule must be strictly enforced by the referee with zero tolerance for any and all poor behaviours. This rule can be applied by the referee and the event convener or SSA staff member can ask the referee to implement the rule.

Where a corner is awarded to the opposing team and in the opinion of the referee the player taking the corner deliberately kicks the ball out for a goal kick the player is to receive a yellow card for dissent and the corner retaken.
