- B - 1.3.2** Doubles matches, first to eight games with a 7-point tie-break at 8 all. This will comprise a rubber.

B - 1.4 Results

- B - 1.4.1** Ties will be decided first on rubbers, and in the event of a tie, the result will be on sets, and finally if still not decided, on games.

B - 1.4.2 Points Scoring System

- B - 1.4.2.1** The competition shall consist of a series of Ties, each being a separate entity. Each State / Territory shall play the other only once.

- B - 1.4.2.2** The winner of each Tie is the team winning the most number of matches (rubbers).

- B - 1.4.2.3** Should the total number of matches (rubbers) in a Tie be equal, the results will then be decided on sets.

- B - 1.4.2.4** Should the total number of sets be equal, the results will then be decided on games.

B - 1.4.2.5 Should games be equal, then a draw shall be declared.

B - 1.4.3 Honour Team Point Scoring System – “Sudlow Version”

B - 1.4.3.1 Points Allocation for Pizzey Cup Teams Event

The allocation of points is dependent on the final placing of teams in the tournament and the playing position for each match won. The rationale for this is that winning a match against the top team in the tournament (i.e. What are likely to be the best players) should be worth much more than winning a match against the team that finishes last. It also removes the pressure managers may have to always play their best players even against weaker opposition (i.e. Not many points are sacrificed if a player rests against the weaker teams)

Teams Final Place	Points
First	7
Second	6
Third	5
Fourth	4
Fifth	3
Sixth	2
Seventh	1

Playing Position	Points
1	6
2	5
3	4
4	3
5	2
6	1

Points are only given for winning a singles match (No points for any matches lost!) and points are worked out by multiplying the points for the playing position by the finishing position of the team played.

For example,

1) The number two player for the Fourth placed team wins his/her match against the second placed team. This results in 5 points (for playing at no. 2) x 6 points (for opposition team's final place) = 30 points.

2) The number Five player for the Fourth placed team wins his/her match against the second placed team. This results in 2 points (for playing at no. 5) x 6 points (for opposition team's final place) = 12 points.

An Excel sheet has been created to make these calculations as simple as possible but due to the reliance on the final placing of the teams it is not possible to have any relevant running totals. The data can be entered during the event however until final team places are known.

B - 1.4.4 Winner of the Pizzey Cup

B - 1.4.4.1 The winner of the Pizzey Cup will be the team with the most Ties.

If Ties are equal, the team with the most number of matches (rubbers) will be the winner.

If matches (rubbers) are equal, the team with the most number of sets will be the winner.

If sets are equal the team with the most number of games will be the winner. Should these be equal, then joint winners will be declared.

B - 1.4.4.2 Results for the Pizzey Cup should be displayed under the following headings:

Win; Rubbers; Sets; Games; Position.

B - 2. Tennis Australia Cup Singles Championship

B - 2.1 Program / Schedule

There will be separate competitions for Boys and Girls.

Amended September 2016

B - 2.4 Points Allocation for Tennis Australia Singles and Kevin Horrigan Plate

Points are only allocated when a player is eliminated from the tournament and depend on which stage of the tournament this elimination occurs. A player that

loses in the round of 64 and 32 of the Tennis Australia Singles do not receive any points at that stage as they then feed directly into the Kevin Horrigan Plate. It is only on playing their last match in the individual events that they receive points.

Players receive points based on the following table;

Loser in final of main draw	60
Loser in semi final of main draw	45

B - 3. Tennis Australia Tennis Etiquette and rules for Non-Umpired matches

B - 3.1 Rules for Non-Umpired Matches

- B - 3.1.1** Each player is responsible for all decisions in his/her half of the court. He/she should be completely honest on all "calls" but, if in doubt, he/she should give his/her opponent the benefit of the doubt and play the ball as good. You should not play a let.
- B - 3.1.2** It is your obligation to call all balls on your side, to help your opponent make calls when the opponent requests it, and to call against yourself (with the exception of a first service) any ball that you clearly see out on your opponent's side of the net.
- B - 3.1.3** Any "out", "let", or "fault" call must be made immediately (i.e. Made before either an opponent has hit the return or the return has gone out of play); otherwise the ball continues in play. "Calls" must be verbal and clearly audible to opponents, followed by a signal if necessary. "Lets" may be called by any of the participating players.
- B - 3.1.4** On all court surfaces except clay (see (g) below) if a player calls a ball "out" and then realises that the ball was good, the point should be replayed on the first occasion (involuntary hindrance). In the case of a point winning shot, a let should be played.
- B - 3.1.5** In doubles, when returning service, the partner of the receiver should generally call the service line for him/her. The receiver should generally call the centre and side service lines.
- B - 3.1.6** If players cannot agree on the score, they should calmly discuss the points/games that are the areas of disagreement. If they cannot reach agreement they should replay only the points or games in question. All points or games which the players agree on stand. e.g. Two players cannot agree on whether the score is 40-15 or 30-30, but agree on the winner of the first, second and fourth points. Therefore only the third point needs to be replayed.
- B - 3.1.7** Players are prohibited from checking the mark of the ball on their opponent's side of the court, unless invited by their opponent to do so. Ball mark inspections are only permitted on clay courts. On clay courts

if a player incorrectly calls a ball “out” and then realises that the ball was good, the player who called “out” loses the point.

B - 3.1.8 Where a ball interrupts play, either by rolling/bouncing onto the court and/or creating a visible interruption behind the court a let should be played.

B - 3.1.9 If a player hinders his/her opponent it can be ruled involuntary or deliberate.

B - 3.1.9.1 When a player has created an involuntary hindrance (ball falling out of pocket, hat falling off etc.), the first time a ‘let should be called and the player should be told that any such hindrance thereafter will be ruled deliberate.

B - 3.1.9.2 Any hindrance caused by a player that is ruled deliberate will result in the loss of a point.

B - 3.2 Etiquette

B - 3.2.1 When ball persons are not available, all balls on your side of the net are your responsibility, to pick up and, where appropriate, return directly to the server.

B - 3.2.2 The receiver should not return the first service if it is an obvious fault – let it go by or ground it.

B - 3.2.3 Do not enlist the aid of spectators, including parents, coaches etc., in making calls, or attempting to determine other on-court matters.

B - 3.2.4 To avoid controversy over the score, the server should announce the game score before starting a game and the point score prior to serving for each point.

B - 3.2.5 Wait until a point is over before walking behind a court where a match is in progress.

B - 3.2.6 To retrieve a ball from another court or to return a ball to another court, wait until the players have completed a point.

B - 3.2.7 Do not stall, sulk, complain nor practice gamesmanship.
